Group Exercise Schedule

Summer 2017

Begins June 2017 and is subject to change.

Group Exercise Tips

Start Slowly

Ease into your group exercise classes with a warm-up and stretch session. Once you begin the main part of your group workout, exercise at your own level, especially if it is your first time in a particular exercise class.

Take Several Classes

Try a basic aerobic class for cardiovascular fitness, a total-body conditioning class for muscular fitness, a yoga class for flexibility and a boot-camp class for functional capacity.
